Setting 12 Hour Count Down Timer:

TBA:

Setting 7-Day Programmable Time Clock:

1) Press the *PROGRAM* button.
2) Press the *UP / DOWN* buttons till *TIMER* shows on the LCD.
3) Press the *ENTER* button. "1" will show on the LCD. (We are now setting timer one).
4) Press the *ENTER* button.
5) *START* will show on the LCD, followed by a blinking clock.
6) Press the *UP / DOWN* buttons till you get to the required hour. Then press *ENTER*.
7) Press the *UP / DOWN* buttons till you get the required minutes. Then press *ENTER*.
8) Press the *UP button* till you get the required day or group of days. E.G. Single day, Monday to Friday or Monday to Sunday. Press *ENTER*.
9) *STOP* will show on the LCD followed by a blinking clock.
10) Press the *UP / DOWN* buttons till you get to the required hour. Then press *ENTER*.
11) Press the *UP / DOWN* buttons till you get the required minutes. Then press *ENTER*.
12) *SAVED* will show on the LCD. You have now set timer "1" to turn the system on and off at your preset times.

The WCCS-1 has four timers, which you can use to set different on/off times E.G. Timer "1" for Monday to Friday, and the second timer "2" for Saturday and Sunday.

If you wish to turn your Air Conditioner on at 8am and off at 10pm Monday to Friday, this can be achieved using the first timer "1"

Should you wish to turn the Air Conditioner on at 9am and off at 11pm on Saturday only as well as the previous time periods this is achieved using the second timer "2" in conjunction with the first timer "1"

Additional timers are set in the same manner as above. If you need more information please contact the place of purchase.
